Tasks To Be Performed:

1. Use the previously created VM
2. Created a NIC
3. Attach NIC to the previously created VM

---

1. Use the previously created VM

Home > Network foundation | Network interfaces >

Create network interface ...

Project details

Subscription * — Azure subscription 1

Resource group * — myresourcegp1
Create new

Instance details

Name * — nic-07jan

Region * — West US

Virtual network — vnet (myresourcegp1)
Edit virtual network

Subnet * — default
Edit subnet — 10.1.0.0 - 10.1.0.255 (256 addresses)

IP version
- (•) IPv4
- ( ) IPv4 and IPv6

Private IP address assignment
- (•) Dynamic
- ( ) Static
